Were living in perfect comfort all over the house. The Underfeed coal burn-

SAVE 1/4 TO 3/4 OF COAL BILLS

Mr. J. E. Crider, President of the Cri-  
der Creamery Company, Fredonia, Ky.,  
relates his Underfeed experience thus:

"We installed one of your No. 739 Underfeed  
furnaces in our 12-room house about two years ago.  
We have found the furnace very satisfactory in-  
deed. The furnace is extremely economical, fires  
easily and the heat is quite evenly distributed  
throughout the various rooms. We use not and  
slack coal for fuel with perfect results and much  
prefer the Underfeed to any heating device with  
which we are familiar."
